Gardeners*

G. H. HUNKEL CO.

:- SEEDSMEN :-

327 CHESTNUT STREET

MILWAUKEE, - WISCONSIN

Our Reputation has been built up by furnishing seeds of the best quality as to purity and germination, and we shall always endeavor to furnish THE BEST SEEDS that can be procured, and make prices as reasonable as possible.

HUNKEL'S SEEDS.

WE are in a position to furnish good seeds at as low figures as any reliable house. We can and will meet all prices made by any one offering goods of equal value with ours, but we have no ambition to compete with those offering inferior stocks.

WHOLESALE PRICE LIST —FOR— FLORISTS AND MARKET GARDENERS.

The Prices in this List are Wholesale for the Florists, and Market Gardeners' Trade only, and cancel all Previous Offers made by us.

Our rapidly increasing Florist and Market Gardener Trade goes to prove that our seeds are all that we claim them to be—the Best to be had. Our prices are not the lowest, neither are they the highest, but for grade of seed that we offer, THEY ARE JUST RIGHT.

ORDERS FROM NEW CUSTOMERS—Persons unknown to us, to avoid delay, please send remittance or satisfactory references with order. We decline to ship C. O. D. to unknown customers, unless sufficient money is sent to guarantee acceptance.

NAME AND ADDRESS should be written as plainly as possible and care exercised to have the place of residence, county and state in full, giving all shipping instructions. This is very important, as it can readily be seen that orders without any signature or address cannot be filled. Thus, what may sometimes appear to be negligence or error on our part, is very often due wholly to lack of care on the part of our customers.

HOW TO REMIT—Money may be sent at our risk, in the following manner: P. O. Money Order, Bank Draft on Chicago, New York or Milwaukee, Express Money Order, or Registered Letter. If local checks are sent add 25 cents to cover cost of collection. Money sent in any other way is entirely at risk of sender. Postage Stamps in small amounts are taken as cash, but they must be sent so they do not stick together.

WHEN TO ORDER—We are prepared to fill your orders as soon as this catalogue reaches you, so please order early. We fill all orders in rotation. First come, first served.

In the absence of shipping instructions, we will use our best judgment regarding the best and cheapest route.

We make no charge for boxes, barrels, packing or cartage. Bags only are charged for and these at cost price.

THESE PRICES ARE SUBJECT TO CHANGE AS THE SEASON ADVANCES, DEPENDING ON SHORT-AGE OR SURPLUS OF STOCK.

WE DELIVER FREE anywhere in the United States by mail, express or freight, all seeds in packets, ounces and quarter pounds. Customers ordering quantities of ½ pound or quart and upwards to go by mail, will please add to the catalogue prices of seeds a sufficient amount to cover express or postage, namely 8 cents per pound, 15 cents per quart, for Peas, Beans or Field Corn, and 10 cents per quart for Sweet Corn.

TESTED SEEDS—As a precautionary measure to our customers and to ourselves, we test all our seeds and none are allowed to leave our store until we are positive that they are absolutely of the best quality, possess the greatest vitality, and are certain to grow under favorable conditions. We know positively, that they will grow and give satisfactory results. We, however, give no warranty, expressed or implied, as to the description, quality, productiveness, or any other matter of any seeds, bulbs or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods under these conditions they are at once to be returned and the money paid for them will be refunded.

We have listed only the varieties which we know are money makers for Florists and Market Gardeners.

CUCUMBERS—CURKEN.

The Davis Perfect—A new improved white spine variety equally good for forcing indoors and for growing outdoors. The cucumbers grow long and slim, measuring about 12 inches long, the color is a rich, dark, glossy green. Holds color and brittleness long after cutting. Our seed is select. Oz. 10c; ¼ lb. 35c; lb. \$1.15.

Improved Arlington White Spine—The most popular and profitable of all the cucumbers. It is beyond question the most productive and the earliest variety of the spine type. It is a rich green color throughout its entire length, and is unsurpassed for open ground culture. Oz. 10c; ¼ lb. 30c; lb. \$1.00.

Improved Chicago Pickle—Without doubt the best cucumber for pickles. The fruit is of medium length, pointed at both ends; large and prominent spines; color deep green; begins to set its fruit when the vines are quite young. Oz. 10c; ¼ lb. 30c; lb. \$1.00.

LETTUCE—SALAD.

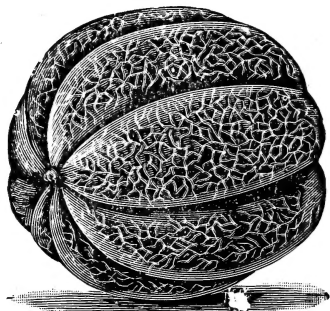

Black Seeded Simpson.

Black Seeded Simpson—A favorite forcing variety. It forms large, thin, tender leaves of ideal color and quality. It stands the summer heat well and is also an excellent keeper. Oz. 10c; ¼ lb. 25c; lb. 80c.

Grand Rapids Forcing—Without doubt the most popular of all forcing lettuce. It is a strong grower with leaves of yellowish green color. Its upright habit admits of very close planting, and makes it less liable to rot. It is an excellent shipper as it will keep a long time without wilting. **Our stock of this is extra select and is bound to give satisfaction.** Oz. 10c; ¼ lb. 25c; lb. 80c.

"MAY KING," the New Early Head Lettuce. Plant this lettuce for the first early head lettuce. It is equally good for outdoor planting or forcing. In trials this lettuce made a remarkable showing. The outer leaves have a slightly brownish tinge, while the heart is a beautiful yellow, very crisp and tender, for substance and for quality melts in the mouth like butter. Its growth is extremely rapid and its fine large heads are ready in advance of any other heading variety. Oz. 10c; ¼ lb. 25c; lb. 85c.

MUSHROOM SPAWN.

Pure Culture Spawn (Lambert's)—This spawn is prepared by an entirely new process, and is far more productive than the English and French Spawn. By a scientific selection of large mushrooms for propagating purposes a new type has been developed possessing the following points of merit: **The Mushrooms are much larger, their skin is tougher, their flavor is finer, they are more productive and come to maturity earlier.** The spawn usually sold has been prepared for months, much of its vitality being spent before it is planted. The Pure Culture Spawn, however, is fresh made and is received by us at frequent intervals. It comes in bricks weighing 20 to 24 ounces each. Brown or white. Brick 20c; 10 Bricks \$1.75; 25 Bricks \$3.50; 100 Bricks \$12.00.

PEAS—ERBSSEN.

Northern Grown.

Note—Our Peas are grown by expert growers, are carefully rogued in the field and properly harvested and cured and are not to be compared to the impure stock offered at low prices and from which a good crop cannot be expected.

PEAS ARE VERY SCARCE.

Gradus, or Prosperity Peas.

Gradus, or Prosperity.

This fine extra early combines the finest quality with extreme earliness, and is also very productive. It is very hardy and can be planted as early as the smooth peas; grows vigorous and healthy; vines 3 feet in height, very prolific, bearing pods fully as large as the Telephone. The color of the shelled peas is a beautiful light green, which color they retain after being cooked. The quality and the flavor is delicious, and the peas remain sweet and tender for a long time.

Improved Telephone—True Stock.

The market gardeners favorite sort. Immensely productive and of the finest quality. Vines very strong, averaging 18 to 20 pods per stalk; pods of large size, containing 6 to 7 peas each, which are of a pale green color, and are closely packed in the pod, and are of the most delicious flavor.

Hunkel's Improved Early Scarlet Globe. Icicle.

RADISH—RADIESCHEN.

Grown from Transplanted Roots.

HUNKEL'S IMPROVED EARLY SCARLET GLOBE.

Our improved strain of this popular Radish is of the finest French Grown Stock and is selected only from the finest transplanted roots. It is unequaled for forcing and at the same time it is the best sort for sowing in the open ground. Radishes grown from French Seed seldom grow pithy or stringy, which cannot be said of those grown from the American grown seed. Oz. 10c; ¼ lb. 20c; lb. 50c. Special prices on large lots.

HUNKEL "20 DAY" RADISH.

Quick growth is one of the main essentials for a crisp and tender radish. Our "20 Day" Radish is the **quickest of all red sorts.** The flesh is pure white, crisp and of very pleasant flavor; the skin is a most attractive scarlet. It is olive shaped and has very short leaves, thus permitting very close planting. Oz. 10c; ¼ lb. 20c; lb. 50c.

ICICLE.

Almost as early as the forcing radishes. Roots of pure snowy almost transparent whiteness. 4 inches in length and ½ inch in diameter; they retain their crispness and fresh, mild flavor a long time. They are slenderly tapering with very few small leaves. Oz. 10c; ¼ lb. 20c; lb. 50c.

Victoria Spinach.
SPINACH-SPINAT.
Large Round Leaf.

This variety is generally preferred for early spring sowing, and is the most popular with our market gardeners. The leaves are large, thick and fleshy; stands the winter very well.

Long Standing.
An improved round seeded strain of excellent merit, having all of the good qualities of the ordinary sorts and continuing in condition for use much longer. The leaves are smooth and very rich green. Cannot be beat for market and family purposes.

Chicago Warty Hubbard.
SQUASH-KUERBIS.

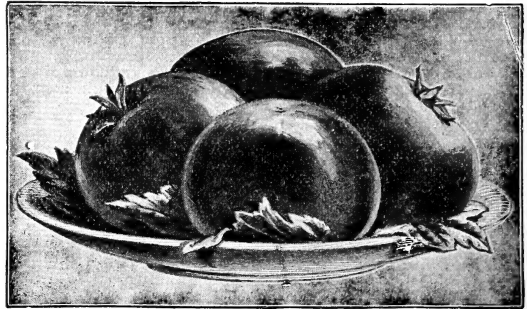

Chicago Warty Hubbard.
The best strain of the Hubbard varieties. It combines all the good points of the old variety with larger size, harder shell, improved quality, thicker flesh, finer color and stronger constitution. The color of skin is almost black and is well covered with warts. Our strain is select.

White Bush Scalloped.
The leading early bush Scallop variety; round, flat, with scalloped edges. The skin is white; the flesh is of excellent quality and fit for use as soon as large enough.

Tomato. Hunkel's Earliest on Earth.

TOMATO-LIEBESAPFEL. Hunkel's Earliest on Earth Tomato.

We consider this to be the **earliest Tomato** that has ever been introduced. It is sure to ripen in 78 days under general conditions, and in about 65 days under special care, thus stamping it as the earliest of all tomatoes known. It is ripe and sold at a high price before the other sorts begin to ripen. We advise everybody to try it. It is of medium size, perfectly smooth and of a delightful color and quality. The color is a beautiful bright red.

Livingston's New Globe.

Among the very first to ripen, although of large size; very smooth, firm fleshed, few seeds, ripens evenly; color a beautiful glossy rose, tinged purple. Flavor very delicate and agreeable; splendid slicing variety. The fruit is borne on short jointed, branching plants in great abundance—literally loaded with fruit. A good general cropper, and one of the very best for greenhouse growing or first-early crop on stakes or trellis. An entirely distinct and fixed new sort. Every grower of Livingston's New Globe, whether he grows for private or market purposes, will be pleased with the beautiful and attractive globe-shaped fruit.

HUNKEL'S FLORISTS' FLOWER SEEDS.

We exercise the greatest care to have our strains of Florists' Flower Seeds brought up to an exceptional high standard, and we have been very careful to obtain our stocks from only the best and finest strains that can be bought from the most careful and exacting growers.

PLEASE NOTE. Our trade packets contain considerable more seeds than the ordinary or retail packets, being based on the Florists' needs for ordinary purposes. Florists always receive trade packets unless otherwise specified.

HUNKEL'S ASTERS.

Our Aster seed is raised only by experienced and reliable seed growers and should not be compared with the cheap seed raised by experimenters who use no care and lack experience.

LOBB'S NASTURTIUMS.

Very beautiful climbers, flowering very profusely; useful for covering verandas, trellis and outhouses. The leaves and flowers are somewhat smaller than those of the Tall Nasturtiums, but their brilliancy of color, combined with their profusion of bloom, make them more fitting for vases, covering unsightly places, etc. Many colors mixed.
